## QUALITY POLICY STATEMENT

The Progressive Technology Group's vision is to surpass customer expectations and the company will continue to develop resources for accomplishing goals and objectives.

Senior Management is committed to providing a reliable, robust, precision engineering service to customer requirements, through investment and by continually improving our business processes and our people.

Excellence is promoted throughout the workforce and all activities of the organisation are carried out in accordance with its documented policies and procedures as defined in the Quality Management System (QMS).

The QMS has the full commitment of Senior Management and it will conduct quality system reviews on an annual basis to further develop the quality policy by continuous improvement processes, company vision, values and beliefs.

The QMS has the full commitment of management and it will conduct quality system reviews on an annual basis to further develop the quality policy by continuous improvement processes, company vision, values and beliefs.

Management is also committed to complying with legislation and applicable requirements, and to act ethically in all business transactions.

Ross Pinchin  
**Managing Director**
